Master Pieces in Art

Discover the history and unique qualities of famous master artists in a fun and engaging way. Join Art Haven this spring, as we work with a variety of fine art materials in a process-oriented, artistic atmosphere. Students will create abstract figures, while printmaking and working with watercolors, inspired by Spanish artist, Joan Miró. They will create oil pastel portraits in the style of Picasso inspired by several French artists, we will create a chalk pastel collage inspired by Claude Monet, as well as inspired pieces by Matisse and Cézanne using a variety of mediums. Create a stained-glass rendering, as we explore the works of Russian artist, Mark Chagall. Students will work with charcoal to create self-portraits

inspired by Rembrandt van Rijn and create a 3D-art piece in the style artist, Mondrian, both Dutch artists. Meet the Masters on this whirlwind European tour with Art Haven! Grades K-5 welcome. All material included! As always, dress for a mess!

BUILDING/ROBOTICS

Our fun courses will focus on creativity and engineering fundamentals as students work with LEGO® bricks and compatible products to create structures, creatures, vehicles or robots! Creations will be "brought to life" using "TinkerBots" patented kinetic modules and passive pieces, with LEGO® bricks. Our guided builds will be educational as teams work to accomplish each task; and creativity will soar as students are able to free-play! Contact: 801-633-8499
