

Industry Representative Background Check

WORK- BASED LEARNING – INDUSTRY PARTICIPATION

To establish compliance with safety guidelines and parameters, cooperating employers must enter into a Work-Based Learning agreement with the Canyons School District (CSD). Included in this agreement are those involved in the following work-based learning activities: internships, pre- apprenticeships, pathway exploration, workplace tours, job shadows, informational interviews.

The industry representative indicated below is authorized to have a criminal background check, including fingerprinting, **completed for no cost to the individual**. These industry representatives will be working directly with Canyons School District students to provide real-world experience by having students participate in activities at their workplace.
