FINDING BY CHIEF PROCUREMENT OFFICER CANYONS SCHOOL DISTRICT

Research has been conducted to find out if there are any additional suppliers that may provide Dropbox online storage license renewals for all departments and schools in Canyons School District (requisition #62097, BidSync solicitation #20GC66SS). After a thorough investigation by the Purchasing Department, it is the finding of the Chief Procurement Officer that **Dropbox** is the only source for Dropbox renewals.

The licenses are valid from April 26, 2020 through April 26, 2021. The finding is effective for Canyons School District from June 23, 2020 through June 23, 2024. The Purchasing Department will then review this finding and determine if any additional suppliers have entered the marketplace or if this will remain a sole source and extend the finding.

As Chief Procurement Officer, I find that it is in the best interest of the District to have this finding on file in order to allow the schools to purchase this training and accompanying software required without obtaining two quotes.
